### **SUPPORT THE FRESH START OREGON CAMPAIGN AND VOTE YES ON SENATE BILL 844**

The Bus Project has gathered over 1800 signatures from Oregonians across the state in support of an aggressive campaign to expunge petty, nonviolent marijuana-related records in light of our historic decision to legalize the substance last autumn. We are elated that Governor Brown signed House Bill 3400-A this week after it passed both chambers with bipartisan support; we encourage legislators to continue to embark on this important initiative by passing Senate Bill 844 out of the Ways and Means Committee to allow for a full House vote before Sine Die.

The Bus Project's support for the Fresh Start Oregon campaign was predicated on ensuring that all Oregonians would benefit from the end of marijuana prohibition; currently, despite 57% of Oregonians voting for legalization in 2014, many members of our community still carry criminal records for minor offenses such as possession and distribution that continue to significantly impact the quality of life for working Oregonians and their families. The ACLU estimates that during the "Drug War" years, Black Oregonians were roughly 2.1 times as likely as white Oregonians to be arrested for drug crimes – and more than three times as likely in Multnomah and Lane Counties.<sup>1</sup> This is especially problematic in that numerous studies show that rates of actual marijuana use are roughly equal across racial and ethnic groups. Oregonians are still denied student loans, housing, and jobs because of prior non-violent marijuana convictions that persist in preventing stability and economic opportunity for numerous Oregon families today.

Senate Bill 844 recognizes that these barriers to education, employment and housing are especially harmful to young Oregonians; this legislation includes specific language to reduce the amount of time an Oregonian under 21 must wait to expunge their record to no more than one year. By legally eliminating these vestigial barriers, we can ensure that many hard-hit communities will face fewer hurdles to getting on with their lives; Senate Bill 844 is

one of many bills that, combined, can prevent the senseless, abhorrently-overreaching laws of prohibition from continuing to negatively impact our neighbors, colleagues, and families.

By establishing the precedent that old marijuana laws should not continue to hamper Oregon's families, our state can lead the way as numerous larger states (including California, Massachusetts and Missouri) contemplate legislation to decriminalize and legalize marijuana through ballot initiatives in 2016. Oregon should continue to serve as a progressive national leader in responsibly reforming our criminal justice system to allow the state to more fully invest in our communities instead of needless incarceration and limited economic stability for our most vulnerable families. We have an opportunity and obligation to profoundly reshape the national discussion around the role that obsolete, petty marijuana violations should play in a post-prohibition society.

Oregon has a unique opportunity to reallocate state funding away from unnecessary incarceration, provide meaningful economic opportunity to disenfranchised populations and firmly signal that we are done fighting the counterproductive war on drugs by passing expungement legislation this session. On behalf of the approximately 200 Oregonians<sup>2</sup> currently incarcerated for nonviolent marijuana crimes and the 1800 Oregonians who have signed our petition, the Bus Project strongly urges legislators in the Ways and Means Committee to vote YES on Senate Bill 844 to build on the work of House Bill 3100-A and commit to ensuring that our new post-prohibition society benefits all Oregonians, especially those most directly harmed by the War on Drugs.

The Bus Project is an organization committed to getting young Oregonians involved, engaged, and empowered to participate in local and statewide politics. Our nonpartisan nonprofit organization empowers young folks through community organizing, voter enfranchisement, and volunteer-powered campaigns to provide more of a voice for young Oregonians and train and inspire the next generation of Oregon's leaders.
